DUCKS PUMPED FULL OF AIR

A lady went around among the markets Saturday looking for ducks for her Sunday dinner. There were none to be had at the Metropolitan and its annexes, so she bought a couple of a Chinaman. They were beautifully dressed ducks, young but plump, and promised to show up well at the Sunday evening table. On her way home the lady showed them to a friend who remarked: "I think those ducks were blown up with a bicycle pump."

Sure enough. When the lady got home she punctured the ducks with a sharp knife and each of them collapsed like a pricked toy balloon. They became flat and bony, the mere ghosts of the plump ducks she had bought. How the duck had been drawn and then made to stand the strain of the air pump is an Oriental trade secret.

OPERA HOUSE TONIGHT.

Still Another New Comedy for This Evening.

The Stine and Evans comedy company will present their third and last change tonight when they will stage for the first time here, the very latest farce comedy success entitled "Where is Cobb?" This funny piece made a big hit last season, and will be toured through the States next season by over twenty companies. Tom Bates, so well known here as manager of "The Elletts," thinks so much of it, that he has severed his connection with Elletts, and has taken a company touring with "Where is Cobb" as the star attraction. The piece is built round several families named "Cobb," who meet in the same apartment house. The complications are cleverly worked out, are screamingly funny, and never improbable. A number of new specialties will be introduced, including an entirely new burlesque by Charley Stine and Olive Evans. This combination is acknowledged by the oldest play-goer, as the best ever seen here. The season will positively terminate tomorrow night, as they leave for the Colonies on Wednesday. Play-goers should encourage the visits here of good companies, by sending this one away to crowded houses both tonight and tomorrow night.

Milan Carries Bombs.

NEW YORK, July 19.—A cable to the Journal from Belgrade says: The new King of Serbia is not easily surprised by dynamite bombs. When driving, he has a few in a side pocket of the carriage, and half a dozen or more are always on his writing desk disguised as matchboxes, cigarholders and the like. "If Alexander had had two or three of these things beside his bed on the fatal night, he could have defied any number of conspirators," said the King to the Mayor of Belgrade.

One of the first of King Peter's governmental acts was to remove his name from the list of persons billed to be executed the moment they are caught. He had been on the list since 1868, and had to be very careful not to enter Serbian territory. The King also was pleased to restore to himself his real estate confiscated by Milan, among other parcels, several Belgrade houses.

Hadn't Gone to Honolulu.

SPOKANE, June 24.—Amanda De Lartigue is not guilty of murder. Such is the verdict returned by the jury at Pomeroy at noon today, after being out all night.

Henry De Lartigue, a Pomeroy farmer, disappeared last September. His wife said he had gone to Honolulu. Last winter his body was found hid in a potato cellar near his home.

During the trial Mrs. De Lartigue confessed that she killed him September 23rd and hid his body. She claimed that he attacked her with a gun, and she hit him with an ax. Evidently the jury accepted this theory and she was acquitted.

SUMMER COMPLAINT is the children's most dangerous enemy and the mother's most dreaded foe. Immediate and proper treatment is always necessary. Chamberlain's Colic, Cholera and Diarrhoea Remedy, given according to directions, is the most effectual remedy known. Every household should have a bottle at hand. Get it today. It may save a life. Benson, Smith & Co., Ltd., Wholesale Agents, sell it.
